Living inside his memory  
All you wished for died, lied  
Feeling all the rain that's coming down  
Living without no remedy  
All the tears he cried were mine  
Keep me running down his face again  
Living inside his memory  
And you wished too soon my fool  
(To)keep me close to you  
I watch him turn into me now  
And if he calls I'll slide out

Write it out, hit it out, it's your lifetime  
You'll never get it, it's all sent to me  
Move your head if you want me to feel your love  
Evil twin says you want me to play

(Would or I)  
Living inside his memory  
And you ask me why I lie  
But if I'm living a lie, I exist like the real thing  
Living without no remedy  
I'll adjust my crown around  
Spinning the whole world under me  
Living the way I meant to be  
I only wish to feel myself here  
I feel unsafe here  
I run around, I hide myself but he pulls me back again

Write it out, hit it out, it's your lifetime  
You'll never get it, it's all sent to me  
Move your head if you want me to feel your love  
Evil twin says you want me to play  
Want me to play

And the coma I feel is the coma I give  
Because all that I give can be sold for a smile  
And the coma I feel is the coma I give  
Because all that I give can be sold for a smile  
And the coma I feel is the coma I give  
Because all that I give can be sold for a smile

And the coma I feel is the coma I give  
All that I give can be sold for a smile
