I don't ever really believe
that all the things you say will set you free
I don't ever really believe
that all the calculation leads to sunshine
So you sent a tune note to me
now I'm sending you a tune note back
You're telling me to keep on walking
while you're sitting firmly on my back
Well...

No, no reaction
No, no reaction
No, no reaction
No, no reaction
I'm not the one that's stalling
I'm not the one that's stalling
I'm not the one that's stalling
I'm not the one that's stalling

Words have no meaning in them
when there is really no feeling attached
Sorry if I seem cold hearted
but you've filled my head with aching doubt
All of this ain't good enough yet
All of this ain't good enough yet
All of this ain't good enough
So wake up and make up your mind

Still no reaction
Still no reaction
Still no reaction
Still no reaction
Turn it, turn it around
Turn it, turn it around
Turn it, turn it around
Turn it, turn it around
Turn it, turn it around
Turn it, turn it around

This time you won't pacify me
I can feel it burning in me

Time to make your move
Time to show me something

This time you won't pacify me
I can feel it burning in me
Time to make your move
Time to show me something

This time you won't pacify me
I can feel it burning in me
Time to make your move
Time to show me something
