Take me to a place further into space  
Tsunagareteta hikari o sashite praise it  
So let your dreams unfold, find yourself and go  
Arukidasu subete o sutete to where I belong  
Ikiru koto no imi o sagashimotomete kita  
Furueru hodo no ima o kakenuketeyuku

The way it touched my heart, the way I feel it now  
Kanji nagara I'll never let you go  
Egaiteita kioku o taguriyosete ima down there

Take me to a place full of life and grace  
Tsunagareteta hikari o sashite praise it  
Arehateta kono machi wa  
Sweetest trauma in the velvet golden box made from  
hurt  
Ikiru koto no subete kakenukete

The way it touched my heart, the way I feel it now  
Kanji nagara I'll never let you go  
Egaiteita kioku o taguriyosete ima

Utsushidasu It's all a matter of love love love love  
Toketeyuku It's just a little love love love love  
Ubaiau and it's all a matter of love love love love  
To be a simple thing without no meaning  
Is all I wanna be

With all that I've seen I can't believe  
Each day can come back with no relief  
I wanted to go outside to space and become all that I  
could be

The way it touched my heart, the way I feel it now  
Kanji nagara I'll never let you go  
Oikakete  
It's all that I can feel and it's alive, it's all I can feel and  
it's alive  
The way you touched my heart, the way I see things  
now  
Kanjinagara I'll never let you go

Egaitaita kioku no mukougawa e ima down there
