You tell me about the devil and his role  
And how a good life is gonna take me somewhere safe  
and warm  
And now it seems they're training everybody to seek  
the light and pray for life  
Yeah yeah  
It seems funny that you people think he's down below  
'Cause I know that the devil is alive and well  
He lives and breathes in all of our hearts and souls  
Yeah

If God speaks then it's only in your mind  
'Cause I'm the parasite that never caught his eye  
The human mind is weak, as desperation peaks,  
The only thing you'll think about is how to stay alive now  
And your fear's got you reaching out for more and  
more  
It's in your nature to try and unlock the door  
To let the greed in and lacerate through your soul  
Yeah

So put your hands up, put your hands up  
Put your hands up and show me where your love is at  
Put your hands up, put your hands up  
Put your hands up and show me where your love is at

So you tell me that you really worship God  
And you tell me that you'll keep on worshipping  
So you tell me that you really worship him  
And you tell me that you'll never sin

Five hundred bucks will make you change your mind oh

So put your hands up and shove 'em down your throat  
I don't give a shit what you think about it  
I don't really care  
So put your hands up and shove 'em down your throat  
I don't give a shit what you think about it  
I know you're gonna change

Five hundred bucks will make you change your mind oh
