So...don't think you're here alone
I'll never let you go
If you let me in

See my world revolve
It's beautiful and strange
It spins me around
A pretty melody is all I want to be
I live for it now

Feel me
Tangled in your hair
Keep me close to you

Can't seem to see the signs
But I'm falling into you
'Cause there's something about you
Can't seem to see the signs
But I'm falling into you
'Cause there's something about you

Miniature explosions only I can feel
It moves me around
Everything would be so sweet
If I could steal
A kiss from you now

We can feast on cinnamon and wine
And dream in black and white

Can't seem to see the signs
But I'm falling into you
'Cause there's something about you
Can't seem to see the signs
But I'm falling into you
'Cause there's something about you

Hold my hand
Don't ever drift away

Live beneath a sky of silver blue

I hope you can feel what I feel

Can't seem to see the signs
But I'm falling into you
'Cause there's something about you
Can't seem to see the signs
But I'm falling into you
'Cause there's something about you

Can't seem to see the signs
But I'm falling into you
'Cause there's something about you
Can't seem to see the signs
But I'm falling, falling into you
