Ooh click, click, click
Pulled a fit at the party again
It's time to get it
Oh good god, just get it away
I've got the Molotov sensation
Sometimes everybody feels this way

I said I never, I said I never
But everybody say I'm guilty everyday
I didn't mean to
But everybody say I'm guilty everyday
Oh oh oh no
But everybody say I'm guilty everyday
I just get up and go where everybody goes to play

The police say I ran up and gave them the finger today
Innocent but I still hear the whole town say
"Send the boy off to jail and then
Lock the cell, throw the keys away"

I said I never, I said I never
But everybody say I'm guilty everyday
I didn't mean to
But everybody say I'm guilty everyday
Oh oh oh no
Everybody say I'm guilty everyday
I just get up and go 'cause everybody knows
I'm a fuck up and I'm cool

I'm turning everybody away
I'm turning everybody away
I'm turning everybody away
I'm turning everybody away

Basic kind of a lonely boy
I can see no reason to sign out my life and mend it
Basic kind of a lonely boy am I?
Who I am is all I wanted to be boy!
Basic kind of a lonely boy
I can see no reason to sign out I'm past pretending
Basic kind of a lonely boy am I?

I'm the stain that I promised to be boy!

I said I never, I said I never
But everybody say I'm guilty everyday
I didn't mean to
But everybody say I'm guilty everyday
Oh oh oh no
The judge and jury say I'm guilty everyday
I just get up and go where everybody goes to play
