They said that Not everything that can be counted
counts,
and not everything that counts can
be counted
Sometimes I feel lost
It's hard to know where you are
when everything you thought it was real
now it seems to be a fools joke

Objects in mirror are closer than they appear
Sometimes when i look it I feel you're righth next to me
But you not even here
And now i don't know how to break the glass

They said that Not everything that can be counted
counts,
and not everything that counts can
be counted
Sometimes I feel lost
It's hard to know where you are
when everything you thought it was real
now it seems to be a fools joke
