speaking of resentment  
i give you permission  
to cut and cut, but...  
no matter what happens  
I will see you  
on the other side.

cracking (no sense, no life)  
crazing  
I got no patience for schticks  
mow down  
and incinerate  
I got no time, I got no time left to graze.

It's just the way I see things  
computer chip poetry  
written in the underground city  
but no matter what happens  
I will see you on the other side

cracking (no sense, no life)  
crazing  
I got no patience for schticks  
mow down  
and incinerate  
I got no time, I got no time left to graze.

but no matter what happens I will see you on the other  
side  
and at that moment i give you permission  
to cut and cut me up

So what's the price for the sky?

but no matter what happens  
will I see you  
on the other side?

So what's the price for the sky?  
Sky,sky, sky, what's the price?
