Soft touches on my skin
Warm breath dancin'
Two bodies fit perfectly
A night that's full of magic
So close I can hardly stand it
Two hearts pounding rapidly

Oh baby, I beg for mercy
Take it nice and easy

And go slow, baby, go slow, baby
Let's drown in every minute
There's no need to rush right through it
I've waited, baby, for you to save me
And now that I've found you
I wanna wrap my love around you

Go slow

The night is, oh, so young
Love me 'til the sun comes up
Make me feel your need
Soft tender savage kisses
Oh, is this what love is
Baby, I've waited so long

Let's just stay in this moment
For as long as we can take it

And go slow, baby, go slow, baby
Let's drown in every minute
There's no need to rush right through it
I've waited, baby, for you to save me
And now that I've found you
I wanna wrap my love around you

Go slow
