A cold cup of coffee and a sad song  
I turn up the radio and I sing along  
I know you once loved me in your own way  
When the sun finds your window, I'll be miles away

And, I'm one step ahead of the heartache  
One foot out the door  
And it's too late for your words to stop me  
From crossing that floor  
Like the moon fades with the dawn, I'm going, going,  
gone

Well, leaving might kill me but I can't stay  
Just watch the fire a little more everyday

Yeah, I'm one step ahead of the heartache  
One foot out the door  
And it's too late for your words to stop me  
From crossing that floor  
Like the moon fades with the dawn, I'm going, going,  
gone

Yeah, I'm one step ahead of the heartache  
One foot out the door  
And it's too late for your words to stop me  
From crossing that floor  
Like the moon fades with the dawn, I'm going, going,  
gone

Like the moon fades with the dawn, I'm going, going,  
gone
