Control Could I speak to the president? Awww, yeah,
just tell him he was smokin' last night at the club You
know what I'm sayin? What? - he don't inhale? Well I
know, I got the wrong motherfuckin' house Did
somebody beep me from there? [George Clinton]
Colors don't clash, people just do Color me happy next
to you Aww, just like it should, there goes the
Neighborhood That is what they'd have us believe
[Chorus: George Clinton] Paint the White House black,
brown Paint the White House.. (*Sample of Police
Sirens*) Paint the White House black, brown Paint the
White House, black... [George Clinton] Uhhhh lookin'
through a view of views Seein' what they want you to
Blinded by the flames of friendly fire And then they sat
there like a dope Until they choked from all that smoke
From behind a smoke screen of the patriotic liars [Dr.
Dre] Aiiyyo, well check this out If you talked to George
Clinton Tell him I'll catch him at the next plateau with
the bomb You know what I'm sayin? It's not the
pretendo but the endo And I'll be droppin' some
straight Chronic at his front door [Chorus: George
Clinton with Ice Cube and Pupa Curley] Paint the White
House black, brown Paint the White House.. (Cause
white ain't right, so get the flashlight) Paint the White
House black, brown (No matter what creed, no matter
what color) Paint the White House.. [Flavor Flav] Now,

kick like this Yo, we could kick it man, yo, word up, man

Detroit, in Minneapolis, in L.A. In New York and down in

D.C. man They got the system in the back and boomin'
it But they don't know what we're sayin' But the
homeboys know what we're sayin' You know what I'm
sayin? Yo, check Yo-Yo [Yo-Yo] If love ain't got nothin'
to do with it then keep it Ain't no big secret, we all know
the reason People change everyday but life stays the
same One big game, ain't a damn thing changed A
woman's got to do what a woman's got to do Be a
mackstress, don't let these mackers mack you So I get
caught up in it, I'm stressin' and tried The man who
runs the joint gets me higher It can be a White House, a
black house It can be a crack house, an out house If it
ain't the right house, go get your army gears baby We
got a fight, they ain't gonna set aside another night
(*Sample of Police Sirens*) It's so bad that Los
Angeles, is so scandalous Give me somebody, who can
handle us Yo-Yo is on the top of things So uhh.. color
me mad, I'm ready for a change [MC Breed] I done
came up short, one time too many Yet a brother got to
be comin' out his nickles And countin' up his last
pennies Buyin' brushes and bum rushin' homey's
greenery Many envy but a hill of beans is what it means
to me Leave it up to me, I'm paintin' the White House
black There ain't no future in your frontin' So why the
hell you're frontin' jack? It'll either change or we're
gonna change it "Yeah, it's gettin' old" Usin'
everything, from spray cans to charcoal Put them up,
then put the crew up on discharge Leavin' wet paint
signs in the front yard [Flavor Flav] Yo George, these
people crazy man They don't even know what I'm sayin'
[George Clinton] Awwwwwww airbrushed and colorized
Just changed right before our eyes, real as visualized
In every frame and let the love shine from the right
house Be in the black, red or white house Through our
fear the puppeteer can pull our strings Whoaahh, well
alright, again I say or say can you see The puppeteer
pull the strings of you and me from the White House
The out house of territorial conquest The HUD House,
the pro-this, the anti-that White against black, the right
to life versus pro-choice [KAM] I pledge allegiance to
the flag Being all I could never be.. KAM READ HIS TOE
TAG Yeah, this is USA-K all day and you can't interrupt
Lay back, WATT'S UP Stars and stripes for Tarzan types
Got brothers like me behind bars and on pipes Damn,
I'm gettin' took for a trip They got me seein' stars from
the club and stripes from the whip Why must you all be
like that? I ain't into politics, so skip them white-collared
tricks They never did us no good To hell with the space
shuttle, put some money in the hood And make jobs,
let's mob up to the capitol Then we ain't got to rap at all
Power To The People and the only way to get free Is the

J-to-the-U-S-T-I-C-E [George Clinton w/ KAM] Picture this, paint a picture, picture perfect, paint a perfect picture Y'all can't stop the bum rush, so get the paint brush It's time for a change Paint the White House black, brown [Dr. Dre] Yo, listen to the real Clinton "WHO BILL CLINTON?"
