I follow Angel, but Angel follows the sun  
I follow Angel, run Angel, run Angel, run  
Go your way, have your day  
Right or wrong, sing your song  
But, Angel, take me along  
But, Angel, take me along

I need you, Angel, and I'll follow you to the sun  
I love you Angel, but run Angel, run Angel, run  
Go your way, have your day  
Right or wrong, sing your song  
But, Angel, take me along  
But, Angel, take me along

Go your way, have your day  
Right or wrong, sing your song  
But, Angel, take me along  
Please, Angel, take me along  
Please, Angel, take me along  
Please, Angel, take me along
