Woke up this morning,
Erasing all the memories,
I can hear the warning,
Replaying in my head,
Only a foolish heart,
Can break the way mine did.

I'm wiping my fears,
From where my heart was spilling,
It's amazing how regret,
Can follow you around,
I'm surprised to hear,
The reasons why you're leaving,
When it should,
All seem so clear.

Cause I'm-

Dying to see,
Dying to feel,
Crying away,
All the screaming that's inside of me.

And I-

Know I can't run,
Know I can't hide,
From all the days that bring me back to you.

I truly miss,
Everything you told me,
Or the rush,
I'd feel when you'd hold me,
You say you know,
Whats best for us,
And I'm not looking for,
Inconformity.

Cause I'm-

Dying to see,

Dying to feel,
Crying away,
All the screaming that's inside of me.

And I-

Know I can't run,
Know I can't hide,
From all the days that bring me back to you.

(x2)

Dying to see.
Dying to feel.

Woke up this morning,
Erasing all the memories,
I can hear the warning,
Replaying in my head,
Only a foolish heart,
Can break the way mine did.

The way mine did.

Cause I'm-

Dying to see,
Dying to feel,
Crying away,
All the screaming that's inside of me.

And I-

Know I can't run,
Know I can't hide,
From all the days that bring me back to you.

(x2)

Dying to see.
Dying to feel.
