With a black heart undercover, watching you sleep  
every night.  
"I wish you'd watch me too..." We're made for each  
other!  
Honey if you only knew, Every night I'm watching you...

Shut up you're talking to loud for me to not listen.  
This operation's gotten old, the face I stole, the gun of  
Lost shot through your soul, and all that's left is empty  
holes.

Mom and Dad can't help you anymore! Get in the car  
we'll drive far to the end of the shore,  
Under the docks, on top of the rocks. KNOCK! KNOCK!  
KNOCK! KNOCK!  
Why the fuck are the doors locked!?

Maybe she forgot about our talks, or maybe I'm  
mistaken,  
But I swear to god that she's not getting out of this  
without some kind of explanation,  
Oh I'm straining on your patience!? Maybe scaring you  
a little!?  
Just because I came to visit doesn't mean you have to  
hide.  
I'll be waiting on the side of your house,  
With an empty bodybag  
AND A LOADED .45!!!!

AND NOW YOU WON'T FORGET  
MY FUCKING NAME!!!!!!!

You're tearing me up, inside my mind.  
You walked in front, I ran behind...
