Light up the moon,
Scratching and burning, pieces of you!
Something is bigger and brighter.
(On the other side!)
Put down your books, pick up your lighters!
Scare me if you can!
Nothing can happen!
You stay heavy on my mind, can't escape you if I try,
'Cause I know you're gonna ride...

Silenced! Sleeping all day 'cause you know you can't
escape the night.
I don't have anything better to do than you.
Higher! Higher than I could ever get again in my life.
'Cause I don't desire anything but you.

I can pick you up and undress you!
Take your blue dress off and mess me up tonight!
Expensive crescent impress me with your presence!
Now digest your tensions!
Officially licensed!
To wreck your excitement!
You stay heavy on my mind, can't refuse you if I try,
Make me not afraid to lie...

Silenced! Sleeping all day 'cause you know you can't
escape the night.
I don't have anything better to do than you.
Higher! Higher than I could ever get again in my life.
'Cause I don't desire anything but you.

Now I'm on a fucking head-trip!
Regurgitate all your ambitions!
Caught up in this so bad! I'm losing my head!
Is his a subliminal hit!?
Is his a subliminal hit!?
Sure I say I'm alright! But it's not all fine!

'Cause I'm Silenced! Sleeping all day 'cause you know
you can't escape the night.
I don't have anything better to do than you.

Higher! Higher than I could ever get again in my life.
'Cause I don't desire anything but you.
