Australians in Europe X 6
Never ever breathe
Australians in Europe
Get a whiff of Air and Helium to breathe.*
Australians in Europe X 2
Higher! Australians in Europe X 3

THINK.
Why did the Great Grandad leave?
Australians in Europe never see.
He was consigned to a boat, after using a huge great
cleaver.

Australians in Europe X 4 Never ever.....
B.R.E.A.T.H.E.
Australians your biggest things rejected,
I have ever seen.
Because the boys use a map and they live in Berlin.
Your like a pair of dogs loose in McGregor's kiln,
you know shit.
Australians in Europe X 5
Wake up and suss the scene.
You'd better leave them parents, and try Hamburg to
Berlin.
Your just a bloody Twister, so who do you think your
foolin.
