I'm searching for the now
I'm looking for the real thing, yeah
Head through a blue haze
Waiting for the musical craze
We gotta taxi for Mr. Nelson
Taxi for Mr. Nelson
Rebellious Jukebox yeah
Rebellious Jukebox, oh
Those songs that first came out
Is the scene, had dropped out
Made music for itself
Made music for itself
Rebellious Jukebox yeah
Rebellious Jukebox now
I'm looking for a [home for the real]
I wanna [house]
Trigger's from the slaughterhouse

Not happy I went out
Noise resounds around
Noise resounds around.
Rebellious Jukebox yeah
Rebellious Jukebox oh
Showed a lot to the fruit machine
They said I was imagining
Trigger's dancing at the bar
Trigger's dancing for the bar
Rebellious Jukebox yeah
Rebellious Jukebox now
I'm searching for the now
I'm looking for the real thing here
