Simon, Dave and John
they work the dayshift
I think I'll help them
I'll help where I can
Astral virus infecting all of us
We are a health risk
Simon, Dave and John
I'm rooting for you all the way
I agree with everything you say
Superblonde
Middle class revolt
Listen to what I'm saying
Get it on for Simon, Dave and John
The holy trinity
Dayshift
I'll help where I can
Simon, Dave and John
I'm rooting for you all
All the way
I agree with everything you say
Simon, Dave and John
Superblonde
Simon, Dave and John
The holy trinity
