

Fall, The "Zagreb"

Walking at night past the closed shop
Behind the counter
Crouched a blue figure
It sang this song
You get five minutes with me
Then I'm off around the world
You get five minutes Johnny with me
Then off around the world
Open-plan graves
Blown-over trees
Muted mystics impasse
Glittering beach
Johnny he replied back
With me you struck a pact
ZV day
Five minutes with you
Then you're off around the worlds
Zagreb day

My neophyte
My sweetheart
My liebshen
My librium
My lover
My friends
You get five minutes with me
Then I'm off round the worlds
