I'll be there for you when you need me,
i'll be there for you always
even when you said "don't love you"
but i'll fight for you and all that is yours.
i just want to be by your side
and stay with you forever.

i will fight for you
and everything i said i will comply,
and i'll stay right here
waiting for another chance.

this is not time to give up,
this is the time to get ahead
this is the moment to shine
and to display of what i am made.

i will fight for you
and everything i said i will comply,
and i'll stay right here
waiting for another chance.

you said "don't love you"
that sentence hurt me.
i was nice with you,
i spent my fucking time on you.
i'll always love you
though you don't feel the same,
is something i'll never forget
but i have enough time.

i will fight for you
and everything i said i will comply,
and i'll stay right here
waiting for another chance.
you said "don't love you"
that sentence hurt me so much,
i'll always love you
though you don't feel the same.
