This is for the one who was false  
who taught me about building walls  
one who could always turn it around  
to leave me here on shaky ground  
this is for the one who made good  
in someone else's neighborhood  
one who was never anything but  
the shifty eye of sheer bad luck  
once I thought that I would never forget  
and I have not quite done that yet  
but I could hurt you now  
I could hurt you now  
this is for the time that I lost  
the death of who I thought I was  
the things in which I cannot believe  
for fear I'll wear them on my sleeve  
things I know that will never be returned  
but I crossed that bridge before it burned  
so I could hurt you now  
I could hurt you now  
(listen, sonny boy  
you just don't get it, do you)  
I could hurt you now  
(tell you what I'll do  
I'll get that message to you)  
maybe it leaves an invisible scar  
but I have not come quite that far  
but I could hurt you now  
(listen, sonny boy  
you just don't get it, do you)  
I could hurt you now  
(tell you what I'll do  
I'll get that message to you)
