I'm a Superball
You can bounce me once and I'll ricochet
Around the room

I'm a Superball
If I pick up speed get out of my way
I'm a sonic boom

And I warn you now
The velocity I'm gathering
Will knock you down
Send the chairs and lamps all scattering

'Cause I'm a Superball
If you think there'll be no aftershocks

Well, I'm a Superball
Read the fine print on the back of the box
Stick to Slinkys, Hot Wheels, Alphabet blocks

And I warn you now
The velocity I'm gathering
Will knock you down
Send the chairs and lamps all scattering
