To the highest mountains
And through the deepest seas
And back to a long rocky road
I'll always be with you
As far as we can go
As long as we are two
Your heart is all I follow
Your love keeps me through

Nothing matters to me
You're the one I want to see
The sound in my ears I can hear
Everything around me
Won't ever be apart
From each other's heart
Nothing makes a different

REFRAIN:

Cause I don't wanna go away
Away from your captivity
I won't ever go away
And take my liberty
I don't wanna go away
Away from your captivity
I won't ever go away
Lock the door of my liberty

Everybody can tell
That I'm under your spell
Like a pearl in the shell
You keep me so well
You take my heart in your care
Love me more than you dare
The magic that we share
It's beyond compare
Like the queen and the king
We don't need a thing
It's only our love could bring
The wind under my wings
Never be apart
From each other's heart

Now thing makes so different

REFRAIN:

Cause I don't wanna go away

Away from your captivity

I won't ever go away

And take my liberty

I don't wanna go away

Away from your captivity

I won't ever go away

Lock the door of my liberty
