"Selamanya"
Kuharap sinar rembulan,
Tutup mataku...
Selamanya
Sejak kau pergi,
Tinggalkan bumi,
Tinggalku disini
Turunkan matahari,
Usir bintang-bintang,
Putarlah utara ke selatan,
Untuk apa lagi semuanya
Ambilah jiwa retak ini,
Ku tak ingin lagi,
Putaskan ari-ari bumi,
Aku ingin pergi.
Menuju abadi...
Selamanya

"Forever"
I hope the moonlight,
Close my eyes...
Forever
Since you're gone,
Left this world,
Left me by myself
Bring down the sun,
Send away the stars,
Rotate the north to the south,
What are these for?
Take this broken heart,
I don't want it anymore,
Cut the earth's cord,
I want to go
To eternity...
Forever
