(Leon Carr - E. Shuman - G. Lane)

Cling to me clinging vine, just to me clinging vine
How I wish those arms you're clinging to were mine
Please come back and cling to me, clinging vine.

I can't believe that we're through
That you're clinging to someone new
Don't you know he'll never love you like I do
Please come back and cling to me, clinging vine.

(Cling to me clinging vine, just to me clinging vine.)

--- Instrumental ---

Cling to me clinging vine, just to me clinging vine
How I wish those arms you're clinging to were mine
Please come back and cling to me, clinging vine.

Please come back and cling to me, clinging vine...
