"Come On Home"

Go on with your new love, have a good, good time
Take her out, show her off, fill her tall glass with wine
Live all you can, I'll forgive you when the last thrill is
gone
Just remember old faithful is waiting at home

Bright lights have you blinded for a long, long time
Your rose colored world is a long way from mine
I'm just a teardrop from a break town and so all alone
Take your time when you wake up, won't you please
come on home

Come on home, come on home
Never more will roam
I open wide my arms, oh Lord
It's all right so come on home
Come on home, come on home, come on home
It's all right so come on home
