(He's just an old love turned memory)
(But he still turns the world upside down)

I called you today, an accidental mistake
And his name slipped out to some friend
Forgotten old feelings are brand new today
'Cause I'm right back where I've always been

He's just an old love turned memory
Now I seldom see him around
He's just an old love turned memory
But he still turns the world upside down

I went to some places where I knew you'd be
Just to prove our love was over and done
But the moment his eyes meet mine, I knew
My sorrow had only begun

He's just an old love turned memory
Now I seldom see him around
He's just an old love turned memory
But he still turns my world upside down

He still turns my world upside down
