His arms were strong and warm
And wrapped around me
Sweet tender love, a lonely girls's delight
He gave me all the things
That I've been dreaming
And I did my best to fall in love last night

I thought if he would hold me close and love me
He'd help to drive your memories from my mind
But each kiss just made that old flame burn much
brighter
But I did my best to fall in love last night

I should have known it wouldn't be so easy
To fall in love with you still on my mind
I'm gettin used to never gettin over you
But I did my best to fall in love last night

I'm gettin used to never gettin over you
But I did my best to fall in love last night.
