Sometimes I wonder if he loves me like he used to  
So many things bring doubt to my mind  
It's only natural for a woman to sit and worry  
And search for all the faults she can find

Last night I waited up it seemed forever  
And I'm not even sure when he came in  
To make things worse he never tried to wake me  
And offered no excuse for where he'd been

But I'll see him through  
For better for worse Lord knows it's true  
'Cause I love him I'll see him through  
He gave me love when I needed it bad  
He was the only thing on earth that I had  
And that's the reason that I'll see him through

I'll see him through  
He gave me love when I needed it bad  
He was the only thing on earth that I had  
And that's the reason that I'll see him through  
And that's the reason that I'll see him through
