Folks say I'm crazy to love you this way
They say you'll run away one day
I know I should listen
They're probably right
But I'll be the victim of your blue eyes tonight

I'm falling heart over mind head over heels
I don't know what love is but I know how it feels
You don't have to say it's forever this time
Just catch me I'm falling heart over mind

I should be more careful with this heart of mine
I could break it one too many times
But those who don't gamble on love never win
Tonight I like my chances so here I go again

I'm falling heart over mind head over heels
I don't know what love is but I know how it feels
You don't have to say it's forever this time
Just catch me I'm falling heart over mind

I'm falling heart over mind head over heels
I don't know what love is but I know how it feels
You don't have to say it's forever this time
Just catch me I'm falling heart over mind

Just catch me I'm falling heart over mind
