It's over I know you're going away  
If you can't stay I don't want you to  
I won't miss you no I don't care where you go  
But let me know just in case I do

I'm glad you've got a friend here in town  
And I hope he'll be good to you  
Don't you worry  
Now I won't worry about you  
Just in case I do

It's good you're gonna be happy  
You're right it's the right thing to do  
And you couldn't really be happy  
If you thought I still care for you.

I know you don't love me anymore  
Well, that's all right cause I don't love you  
And I don't care if you ever come back again  
But I'll be here just in case you do  
Yes, I'll be here just in case you do
