I just packed my things again
So it's not if it's only when I'm out of here
I've been through a thousand maybe's
A million tears and two little babies
And three long years

You love me I know you do
Half as much as you love you
That's not enough
You've had tears of warning
So you'll have to let the morning wake you up

Let's call it a day today
Love disappeared so I can't stay
At the end of the road
There is no other way
Let's call it a day today

Teddy bears and Goldilocks
Samsonite a cardboard box
That's all of it
I can't keep a taxi waiting
Naturally it would start raining
My eyes are wet

I gave it everything I could
I was afraid but I was good enough for you
It's an empty feeling
When there's only one thing left to do

Let's call it a day today
Love disappeared so I can't stay
At the end of the road
There is no other way
Let's call it a day today

Let's call it a great mistake
Let's call it the heart you've got to break
Whatever we say
Let's call it a day - today
Oh whatever you say

Let's call it a day - today
