

Tammy Wynette

"Little Things"

Visit "[Little Things](#)" on MotoLyrics.com

I hope I won't disturb you with this call
I'm just in town for a little while
And I thought perhaps you'd like to here the news
Jeannie's grades were the highest in the school

Billy's school
I understand my other son does too
And Billy stayed and
These were some little things that I thought you'd like
to know

Remember Sam and Peg who lived next door
With them it seemed we always laughted so much
Will Sam and Peg don't live there anymore
I understand they broke up just like us

The house we lived in now has been torn down
Of all the things we owned the last to go
A freeway now runs through that part of town
These were some little things that I thought you'd like
to know
These were some little things I just thought you'd like to
know
