"Love Me, Love Me"

I've searched so long for love and understanding
Someone to share my dreams as I grow old

And now that I found you and I have my arms around
you
I don't ever intend to let you go

So darling love me love me that's all that I ask of you
Love me love me and I'll give all my love to you

[guitar]

You're lovelier than all the words and music to all the
songs the world will ever sing

And with you to walk beside me no clouds can ever
hide me
From the sunshine that just one smile can bring

So darling love me love me that's all that I ask of you
Love me love me and I'll give all my love to you
