"One Of A Kind"

Look at me 'cause I might be
The very last one that you'll ever see
Someday you may wake up and find
I'm one of a kind

Now, don't look back once you're free
There'll be nothing left to see
And I'll be just a memory
But keep this in mind
I'm one of a kind

I wish you love as true as mine
May you find happiness this time
If old memories ever cloud your mind
I wish you sunshine

So, I'll drink this toast to you
Go and find who means the most to you
But some night when she's lying close to you
I'll ease through your mind
I'm one of a kind

I'll ease through your mind
I'm one of a kind
