

Tammy Wynette **"Only Thing"**

Visit "[Only Thing](#)" on MotoLyrics.com

I've made many mistakes in my lifetime
The foolish things I've done have might been few
But the only thing, I've ever done worth doin'
Is fall in love with you

I've wasted many a tear in my lifetime
On foolish dreams that never could come true
But the only thing, I've ever done worth doin'
Is fall in love with you

Because of you, I changed my way of livin'
Because of you my life has changed a lot
The only thing worth havin' is worth givin'
The best of everything you've got

I've wasted many a day being lonely
But now I know my lonely days are through
'Cause the only thing, I've ever done worth doin'
Is fall in love with you

Yes, the only thing, I've ever done worth doin'
Is fall in love with you
