"True And Lasting Love"

What's known as love can fool people so many times
They live all their lives and never find
A love that's really true, that lasts their whole life
through
'Cause true and lasting love is hard to find

Now I can say I really found a love that's mine
Yes love I know will stand the test of time
And as the years unfold we'll love as we grow old
Yes true and lasting love is hard to find
So, in your search remember love is blind
And false love is so easy now to find
But when you find your new love
Treat him right and treat him kind
'Cause true and lasting love is hard to find
True and lasting love is hard to find
