This world that we are livin' in has seen its better days  
Jesus said He would return and I believe He's on his  
way  
You better change your way of livin' I hope your soul is  
saved  
If you want to go with Jesus on that Judgment Day

When Gabriel makes his trumpet sound what beautiful  
sight  
I hope your name is written down in the book of life  
If you don't have salvation and you've never learned to  
pray  
You can't go with Jesus on that Judgment Day

When Jesus comes to take His children home sweet  
home  
To beautiful mansion in the sweet by and by  
We'll cross the Jordan river singin' a song  
When Jesus comes to take His children home  
When Jesus comes  
When Jesus comes to take His children home
