When you left  
I thought that I-I would soo-oon get o-over you  
Even told myself  
That I-I would find somebody too  
Time and tears  
Have come and go-one but not your me-emory  
But I'll be-ee o-over you  
When the grass grows o-over-er me  
Yes I'll be over you  
When you're standing o-over me  
And as you look down  
At the cold cold ground I'm slee-eepin' i-in  
Don't expect to hear me say-ay  
That I'll still love you then  
For I'll be o-over you  
When the grass grows o-over-er me  
Yes I'll be o-over you  
When the grass grows o-over-er me...
