Take your gown out of the closet
Put it on that's why I bought it
Come stand in front of me and let me see

Take that warm smile that you're wearing
Place it on these lips that's burning
To share this fire you've built inside of me

Turn the light down in the bedroom
Pull the sheet down from the pillow
When we're like this love's easily understood

Let's walk through this house we live in
To the room we always love in
And let's love each other while the feeling's good

With all my will I promise with all of me I love you
This feeling that I've got just grows and grows
I can't stop this wanting you and I can't stop my
needing you
No more than I can stop the wind that blows

Ah but I'll hold your sweet loving
As long as we both have this feeling
I'll love you every way I know that's good

Let's walk through this house we live in
To the room we always love it
And let's love each other while the feeling's good

While the feelings good Let's keep it going
While the loving's good let's keep it growing
Let's walk through this house we live in
To the room we always love in
And let's love each other while the feelings good
