Well here I sit there you go again I've taken as much of
this as I can stand
All I ever hear is what you're gonna do but what I want
most I never get from you
I need a man to stay at home with me a man that'll give
me love and the kind I need
You ain't gonna keep on treatin' me like you do
So listen close it's the last time I tell you
Well you can't hang on to me just a lookin' on
You gotta give a woman love that's strong
You gotta kiss me in the mornin' a squeeze me at night
Do a good job make everything all right
You gotta love me strong and love me long you'll find
out that your baby's goin' wrong
If you got any feelin' for this woman at home you can't
hang on lookin' on
[guitar]
Well you can't hang on to me...
Yes if you got any feelin' for this woman at home you
can't hang on lookin' on
