the story of buddy holly by Familee
Nineteenfifty nine was such a bad year
A great loss for Rock 'n Roll
Ritchy Valens and the Big Bopper
And the greatest of them all:

Buddy Holly, can't forget ye
Buddy Holly, still hear your songs
Buddy Holly, I remember

Peggy Sue
Heartbeat
Every day

Buddy Holly, Led Zepplin and the Everlies
Buddy holly, they sung your songs
Buddy Holly, even the Beatles

Words of love

Twenty years later, we're singing your songs
They never lost power and soul
'Though we know we don't sound that good
For you were the best of them all
Buddy Holly

That'll be the day
Oh boy

Buddy Holly, can't forget ye
Buddy Holly, still hear your songs
Buddy Holly, I remember
