Chorus:

Messing with the right ones now
The wrong ones now, uh!
Uh choppers go clap, clap
Right hand, left hand, clap clap
The heavy mother fuckers go clap-clap
Bouncing on you suckers like clap-clap
Oh, choppers go clap-clap
Two hand guns go clap-clap
The pretty mother fuckers go clap-clap
Bouncing on you suckers like clap-clap

I know how you felt, you looked yourself in the mirror
and claimed you're a man!
The girl last thing you be saying, girl ass can't you be
playing
FAM ain't your friend, FAM ain't your man
FAM ain't... FAM lays...
Pussies trying to play me for play toy
..they know this shit street I'm made for
No part of war, no art of war, I'm a carnivore
You start a war... is ...
whoever try to step in my circle, I heard you
..run in my square, it's trouble in here
...I'mma make sure your dad pays for
Put your fist together and tie your ankles
... stick you for your... and blow your fucking house up
Fuck who you is, fuck what you did
Fuck what you get, fuck where you live
Know who the fuck that you're fucking with!

Chorus:

Messing with the right ones now
The wrong ones now, uh!
Uh choppers go clap, clap
Right hand, left hand, clap clap
The heavy mother fuckers go clap-clap
Bouncing on you suckers like clap-clap
Oh, choppers go clap-clap
Two hand guns go clap-clap
The pretty mother fuckers go clap-clap

Bouncing on you suckers like clap-clap

It's the only six ...

..it's the .. of a hundred, plus a hundred killers

they'll come and get you, is you ready to die?

Ready to fly, ready to.. you say you're high, high

I see you... a lullaby

The first class to get to Lucifer,

..what you are

..and travel of who you...

They don't have a clue what I do to...

They don't know who it was, so then I Clean it up...

Uh, I've been around the world three times (three times)

Still don't know.. on my free time

You should be worried about me

I knew nigger you heard about me!

FAM-LAY! And I ain't feeling non of yours ...

Gotta take cover when I'm dumping off

When I blew these... something's coming off, clap!
