Fam-Lay don't give a flying fuck

When I see him, time is up

Next time his family see him, his eyes are shut

Uh! Fuck a heads up, whachu scared for?

You'll be a dead duck riding in that flat bed truck

Uh! Let em go? (NO WAY!!) Lil Jon let em know

(OOOKAAYYY!!)

Soon as you say it I'm a said it

He getting scared when I spray it in this dead end

He gon be dead in a second, uh

Let em run cause my legs in the Jetta so

Run nigga run, you'll only die tired

Them dum dums come, you're done and I'm not lying

Tec nines rain like a shower head

Then put your whole crew remains on the flower bed

Distribute pain, gun power spray

Uh! Leave your blocks in flames then we outta there

[Chorus]

[Verse: Fam-Lay]

Stand and clock, while I supply planted rock

My hand is hot, but hotter when them cannons pop
The gamblest spot, I breaks em, grab dice and shake
em
Let em go, 4 - 5 - 6, dead em go
S-T-A-R Trak, dot com (Star Trak)
Got guns, got bombs, that make ya act calm
Leave ya whole neighborhood like 'Nam
Bring the thunder and the rain when I strike like light-
ning
Got a Puerto Rican chick wit a white mom
Chick trifling, chick like cum
And I'm often asked, I'm out for cash
Motherfuckers kill, we playing hard
While y'all soft as ass
Chew you up, screw you up, do you up
I DON'T GIVE A FUCK nigga! who the fuck?!
Want beef wit the F-A-M, L-A-Y?
I keep shit burning like the LA riots, tell his guy

[Lil Jon]

I told y'all niggaz to step the fuck back!
Niggaz ain't listening in this motherfucker!
So we gon show y'all how niggaz set this shit off for
real!

[Fam-Lay]

Fam-Lay'll leave you wit a holy temple
Now you rest in peace in a Holy Temple
Nigga didn't know what he was in for
All my bullets hit everyone they was meant for
Man it's time to notify all his kin folk
Mailing out letters that you had to write in pencil
My condolences, East Side on the side of me
And I'm a ride till them niggaz get tired of me

[Chorus]

STEP THE FUCK BACK!
