"(I Could Learn To Love You) So Good"

Visit "[\(I Could Learn To Love You\) So Good](#)" on MotoLyrics.com

Baby, I could learn to love you so good
Baby, I could learn, I could learn, baby
To love you so good

Babe, you may not have an awful lot
But that little bit you got is awful hot, yes
And if I could learn to love you so good

Baby, I could learn, I could learn
To love you so good
Yes, I could learn, baby, I could learn
To love you so good

Why you got that kind of a swing
That makes me croupy about that thing
Yeah, I could learn, I could learn, baby
To love you so good

Yes, I could learn to love you so good
Yes, I could learn, I could learn, baby
To love you so good

What you're doing, what you're doing to me
Babe, it will soon drive me nuts in the first degree, yes
And I could learn to love you so good
Yes, I could learn to love you so good

Yes, I could learn, I could learn, baby
To love you so good
'Cause every time you shake your thing 'round
Makes me feel just like breaking down

Yes, I could learn, I could learn, baby
To love you so good
