Befo' I say goodnight my love to you
Promise dear, you'll make my dream come true
Remember dear, my heart, I trust to you
And don't forget the plans I made for two

The night we met, I give my love to you
I made a vow, that I'd be true to you
An' cling to you and pray for you, my sweet

Kiss me and say you'll always love me too
Before I say goodnight my love to you
Yeah

The night we met, I give my love to you
I made a vow that I'd be true to you
An' cling to you and pray for you, my sweet

Kiss me and say you'll always love me too
Before I say goodnight my love to you
