score. this is my floor, in the club where the magic
happens, on stage off stage always got the fans
clapping,
im the captain, im the mmmmaaannnn, you can call me
peter pan, you can be my biggest fan.
back stage at my shows... you can twinkle all
your toes, i dont make that gangsta music,
i just let my soul abuse it. soldier music riding to it
turn that track on, rest in peace to michael jackson,
pump this, jump this, if you got it flaunt it, never
