I got the sweetest gal in town  
She push me up, she pull me down  
And I can't get enough of that  
Somehow

She buys booze, she calls me, dear  
Do anything to make me chilled  
And I can't get enough of that  
Somehow

When we start the drinking  
She hug and hold my hand  
She never has to tell me  
I always understand

The way she looks the way she loves  
Makes me gay as the moon above  
And I can't get enough of that  
Somehow, yeah

She runs like [Incomprehensible]  
She makes more money than Henry Ford  
And I can't get enough of that  
Somehow

When I get high as I can be  
She never fight, she'd baby me  
And I can't get enough of that  
Somehow

She takes me out to party  
She never leave me 'lone  
She says how much she loves me  
And she wants me for her own

And when I'm blue she makes me glad  
She gives me thrill that I never had  
And I can't get enough of that  
Somehow
