[ Sugar Kay ]

Aah yeah, Kings of Swing in the house  
Sugar Kay and Mike Master just taxin  
We got Cocoa Chanelle on the 1 and 2  
So Cocoa, what you wanna do?

[ DJ Cocoa Chanelle ]

Yo, I'm goin solo  
(Cocoa Chanelle rocks the beat)  
And goin solo  
(Show em) (show em whatcha got)

[ VERSE 1: DJ Cocoa Chanelle ]

I'm always ready to go  
To a tempo that's fast or slow  
Cause when I flow, I take the show solo  
So if you didn't know, my name is Cocoa  
I'm a deejay, but I can emcee up also  
A cut creator, MC originator  
The crowd persuader when I'm rhymin like the  
crossfader  
They say I'm greater, cause my style is unique  
I take the mic for a while, then I proceed to the  
Technics  
I write my own rhymes, usin no other lines  
And each and every time you find that I get mine  
The style I portray as deejay is here to stay  
You hear my cuts in the records you play  
And then you say, "(Damn) this girl must be a star"  
Don't try to battle (why baby?) cause I smoke you like a  
cigar  
You're huffin and puffin like a cigarette smoker  
Cause I'm a queen, and you're just a joker  
I don't joke, I'm not a game like Genesis  
Don't try to play me, cause you don't want none of this  
Never known to be a sucker rapper  
So when you see me comin, you better step like a  
capper  
Out of the way, because I'm in command  
It's not a scam, it's the masterplan  
If you don't believe the hype, it ain't hype, so  
You want a demonstration? Come to the show

(Cocoa Chanelle rocks the beat)  
And goin solo  
(Kings of Swing in full effect)  
(Cocoa Chanelle rocks the beat)  
And goin solo  
(Show em) (show em whatcha got)

[ VERSE 2: DJ Cocoa Chanelle ]

I'm quick on the mix, my cuts are short and divine  
I backspin behind my back, cross my arms, and the  
whole nine  
Amuse you like a playground  
Spin like a merry-go-round  
I use the fader like a see-saw, up and down  
I'm here now with the Audio 2  
Just one of those things that make you say (oooh..)  
A combination that's dope, as slick as smooth like soap  
Now is there hope for a sucker to cope? I have to say  
(nope)  
You wanna know why? I tell you in a minute  
In fact, give me a second, I'm about to get in it  
Cause I got the time, if you got the patience  
I rocked rhymes for hours on several occasions  
By lookin at me you think I'm just another average  
female  
Because I'm very quiet and sweet, you could never tell  
That I'm like a bomb on the mic, ready to ignite  
Then get the crowd hype, cause I'm that type  
In a battle, at a party or a show (yo) I get mellow  
And rock to a beat or acapella  
But never takin lyrics from another MC  
Because I feel as a artist you should show originality  
And I'm original as you can't get  
I bet your hoe paid check that I can make you sweat  
And yet you will regret, cause it's a debt I collect  
I'm in effect, I go with the flow, you know, so

(Cocoa Chanelle rocks the beat)  
And goin solo  
(Kings of Swing in full effect)  
(Cocoa Chanelle rocks the beat)  
And goin solo  
(Show em) (show em whatcha got)  
(Show em) (show em whatcha got)  
(Show em) (show em whatcha got)  
(Show em) (show em whatcha got)

[ VERSE 3: DJ Cocoa Chanelle ]

I never slack or lack, cause in fact I'm a veteran  
Each and every day of the year I get better in

Any style I choose to pursue, if I put my mind to  
I could do and leave you without a clue  
As to how to make a rhyme sound nice and get a cut  
precise  
You wanna dis? Think twice is my advice  
Cause I'm not a average female, I rate myself higher  
Suckers might dis but underneath they admire  
Cause I'm versatile, never usin one style  
Yo, I'm a deejay, a MC, you name it, it's in my file  
I hold the microphone with a grip  
As my rhymes start to rip  
You get busy on the Cocoa tip  
But don't forget, I'm the deejay  
Cut the funky scratch for everything that the Kings say  
Mike Master and Sugar Kay  
And I can't forget my brother Dre  
He's DJ Show & Tell, we watch each other's backs  
We both paid our dues, now we're spinnin on wax  
He's down with MC Peaches and I swing with the Kings  
We're gettin busy, cause it's a First Priority thing

(Cocoa Chanelle rocks the beat)  
And goin solo  
(Kings of Swing in full effect)  
(Cocoa Chanelle rocks the beat)  
And goin solo  
(Cocoa Chanelle rocks the beat)  
And goin solo  
(Cocoa Chanelle rocks the beat)  
And goin solo  
(Kings of Swing in full effect)
