[ VERSE 1: Sugar Kay ]

Girl, you look sweet, I wanna kiss your lip  
Hold you in my arms and rotate your hip  
I'm starin at your picture, wishin I was with ya  
You know the deal, I could never forget ya  
I always sit down and start to reminisce  
About the first day we met, the first day we kissed  
I always told you I wanna be an MC  
And make a lotta records with the cash money  
You said you was with it and everything was dear  
But things started changing when my music career  
Took off and went 'boom!' just like a sky rocket  
The only difference is: I got money in my pocket  
I'm gettin paid and the whole shabang  
But without you, yo, the money ain't nothing  
You doubted me as I went on tour  
But you can't understand that my love is raw  
If I was to lose ya, man, I'd go crazy  
My man is Sugar Kay, come on, you know I love you,  
baby

[ VERSE 2: Mike Master ]

Girl, you know how I feel, so don't believe the hype  
That rappers do shows, then skeeze all night  
I'm not all about that, because I'm all about you  
When I step off stage I sip a forty of brew  
Sign a couple of autographs, then I'm back in my room  
At the Hiatt, or should I say the Temple of Doom  
Because without you happiness seems to fade  
It's been a couple of days and it's a new decade  
Now I feel like I spent 10 years away  
Keep droppin all my problems on my homeboy Kay  
Tell him what your friends tell you, then how you ignore  
me  
You can't put every rapper in the same category  
Cause a magazine prints gossip and nonsense  
It's got you cold buggin, and now you're convinced  
That I'm just like the others, not a true blue man  
You'll understand, I'm not lookin for a one night stand  
Listen close to what I'm sayin before you degrade me  
Girl, you're too good for that, you know I love you, baby

[ VERSE 3: Sugar Kay ]

Girl, I'm feelin good, that's why I wrote this song  
To make sure you understand that my love is strong  
I said it and wrote it and you can tape it and quote it  
To make sure you understand that my love is devoted  
I'm in the videos and drive the fancy cars  
But let me tell you now: you're my shining star  
You shine all day, you shine all night  
You shine brighter than a Broadway light  
Girl, you don't know how much you mean to me  
I'm with the Kings of Swing, but you're royalty  
I appreciate every damn thing you done  
You helped me get started since day one  
Since I was a new jack tryin to shop out the demo tape  
Me and Mike Master willin to get a break  
The tables turned, now the Kings are swingin  
People like the funky new music we're bringin  
The money, the fortune and fame'll never phase me  
I'm Sugar Kay, come on, you know I love you, baby

[ Mike Master ]

Hey yo Kay  
Word  
That was smooth, you know what I'm sayin?  
Our girls have to understand  
It ain't all about skeezin and pleasin  
And that's just one of the reasons  
Why we had to write this song  
He yo Terrence, take us home
